N. L. WILLET SEED COMPANY MANUFACTURERS.

Contagion Rat Death—Greater than that of all wild animals combined, is the loss caused by Rats. What Poison, Traps and Cats have failed to do, is now done by a microbe. The rat is doomed! Greatest success in Europe and America. The Process. Feed on bread the living culture, (as grown on the surface of a nutrient jelly, and which can be kept six weeks). Rat or mouse eating it immediately catches a disease which is contagious, and is fatal in seven or fourteen days. This contagion is spread by the rat among the others—the whole tribe is exterminated! All evidence has shown it to be harmless to man and domestic animals. To be used in all docks, warehouses, stores, farm buildings, private homes, and in any rat or mouse infested fields. Price: One box, postpaid, 50c; wholesale, one doz., \$4.00 f. o. b. Augusta. Manufactured solely for us for America by our Bacteriologist.

Cartwrights Dog Mange Cure—50c; dozen, \$4.00; 1 gross, \$48.00; less 20 per cent. delivered. Temporarily, 1-4 gross same price. We are sole owners and manufacturers.

Cartwrights Dog Soap—20c; dozen \$1.40; 1 gross, \$16.80; less 15 per cent. delivered. Sole owners.
